On Harmonizing the Definition of 'Employee'

Self-employed individuals and their clients face substantial uncertainty over whether their business relationships will be respected for purposes of applicable laws, due to the variety of different definitions given the term *employee*.

Please join the Coalition to Promote Independent Entrepreneurs for a briefing on how this patchwork of different definitions has harmed independent contractors, their clients and the economy, and how the Congress can remedy this problem and enhance economic growth by adopting one *harmonized* definition of *employee*.

Tuesday, June 20
10:00 a.m. to 11:00 a.m.

SVC 212
